Subject: RE: Materials for Janet's review while in China

.....

I checked with Claudia and it sounds like we were not anticipating to send the U&O FIP back to OAR by today. ADP tracker shows it going back to Janet on 3/7, which is the week she gets back from China. Since this date in ADP Tracker was recently updated and is consistent with my last check-in with Dee, I'm assuming it's okay to let Lori know that our target date is still the week of 3/7 and not to expect the package until Janet returns from her trip. Let me know if anything has changed.

Thanks!

Subject: Materials for Janet's review while in China

All, I know Carissa is already in discussions with the reg contacts on this, but wanted to send a wider note. Janet's last day here before a one-week China trip is February 25. She will be in China all of the following week and working from home on Monday, March 7. We need to assess what materials she may need to take with her to review, and depending on the quantity, may need to pare that down.

Our current understanding is that OAP and OTAQ do not have any draft regs for her review during this time, but please let us know if there are any other documents she should take with her. I understand OAQPS is making a list now, and it would be good to get that to us by COB Monday so we have time to go over it with Janet in advance. Andrea is looking into whether the PAGS FR draft will be ready, as well.

We also plan to send a package to Janet's home on Friday, March 4, so please let us know if you anticipate including anything in that group.

We know Region 8 is working on a FIP rule for a Utah Indian reservation that needs to go to

OMB. Janet will have limited time to review this next week, so if a close-to-final draft is available, it would be great to get this today for Janet's weekend folder.

Thanks very much for your help on this.
